**Address:** 1200 Mwasi Street, Mofolo Central, Soweto, 1801

## Personal Information

---

**Date of Birth:** 21 June 2003

**Nationality:** South African

## Professional Summary

---

BSc Information Technology graduate with hands-on experience in full stack development, now focused on front-end and junior developer roles. Gained practical skills through a 2 months Full Stack Java Software Development internship, now I'm currently doing a full stack Java Software Development learnership and additional training with Edureka doing a Full Stack Web Development program. Passionate about crafting responsive, user-friendly web interfaces and eager to contribute to innovative development teams while continuing to grow professionally.

## Skills

---

### Technical Skills

- Languages: JavaScript, HTML5, CSS3, TypeScript, Java
- Frameworks & Libraries: Angular, React, Node.js, Express.js, Bootstrap
- Databases: MongoDB, MySQL
- Tools: Git, GitHub, VS Code, Chrome DevTools, Netlify
- API: RESTful APIs, JSON

### Soft Skills

- Strong communication and collaboration
- Problem-solving and critical thinking
- Time management and adaptability
- Accountability
- Willingness to learn and self-improvement

## Work Experience

---

### Full Stack Java Software Development Intern

**Reverside Software Solutions (Geeks4Learning)** — Sandton, Rivonia

April 01, 2025 – May 30, 2025

- Developed and maintained full stack web applications using Java, Angular, HTML, and JavaScript in an agile environment.
- Assisted in building responsive, user-friendly front-end components to enhance user experience.
- Participated in daily standups, sprint reviews, and agile ceremonies with cross-functional teams.
- Contributed to a collaborative project that was later discontinued due to sponsor withdrawal—gained valuable experience in full stack development and agile practices.

### Software Development Learnership (Full Stack Java Developer)

**Geeks4Learning (Learnership Program)** — Sandton, Rivonia

July 01, 2025 – Present

- Currently enrolled in an intensive full stack development program focused on Java, Spring Boot, Angular, and modern front-end technologies.
- Participating in hands-on training covering version control, system design, and agile methodology.
- Strengthening skills through additional Edureka courses in full stack web development (React, JavaScript, API design).
- Preparing to apply training in real-world projects to enhance software development expertise and team collaboration.

## Education

---

- **BSc in Information Technology** – Richfield Graduate Institute of Technology (2022–2024)
- **National Senior Certificate** - Daliwonga Secondary School (2021)
